

**American University Neighborhood Partnership
Data and Metrics Working Group Summary**

October 16, 2019

Key Discussion Points:

- Introductions
- Student Count Requirements

Summary: The co-chairs met with AU's Campus Plan Consultant to review the compliance pieces (e.g. DDOT study) of the campus plan process and the integration of data into writing and submitting a campus plan. The co-chairs raised specific questions about the Zoning Commission's updated definition of "student" and requirements for the student count.

The meeting closed with confirmation of next steps in confirming existing student enrollment information for 2021 Campus Plan data collection.
