

American University Neighborhood Partnership Student Life and Safety Working Group Summary

April 27th, 2021

Key Discussion Points:

- Welcome and Introductions
- Metrics for Success
- Review Draft Content for Eagle Living Guide

Summary: After a round of introductions and a review of the agenda, the Student Life and Safety participants discussed how the group could best track certain metrics around student conduct as it relates to neighbor complaints. Some suggestions included creating a survey to be sent to neighbors who reported an incident to gauge their satisfaction with AU's response. Next, group members reviewed the draft content for AU's Eagle Living Guide, giving space for initial reactions by the neighbors. Members will have two weeks to submit suggested changes or additions to the guide.
