School of International Service Statement of Purpose
Graduate Certificate

First Name: _____

Last Name: _____

Email: _____

Instructions:

Please review the essay question below. When you are ready to begin, type your response directly into the text box **or** respond in a word document.

After completing your essay: Upload your completed PDF to the "SIS Statement of Purpose" Supplemental Item within your application portal. Note that the Supplemental Items section is only available after you have submitted the online application form. We strongly recommend saving a copy of your work to your personal computer, Cloud storage, or external storage device.

Statement of Purpose:

Your **statement of purpose** should clearly state your reason for undertaking graduate studies in your chosen field, what you expect from the program and how you can contribute to the program. It should include your research interests and your academic and career objectives. As the statement is an opportunity for the committee to know you, discussions of your relevant qualifications and experiences will be highly helpful. The statement should also demonstrate your composition skills and analytical ability. While there is no minimum or maximum length, we suggest a length of approximately 800 words.
