

We're so excited that you've made the decision to join the AU residential community! There is a lot to look forward to and to prep before the big move-in day in August.

Now it's time to find your roommate/roommates. This is a critical step in your housing selection process, which we know can be very exciting and anxious time - and that's completely understandable. This is why our staff are here to help you along the way!

Remember, there is nothing urgent about finding your roommate. You have time, resources, and our support so take your time and it will all work out!

ROOMMATE MATCHING BASICS

- While roommate matching is optional, we encourage you to match with a roommate before room selection to ensure you can choose your own roommate. It is important to note that all students will receive a roommate in the end!
Roommate matching is available until you select a room in June.
Please match with your roommate before selecting.

•

- Try to not focus solely on finding a best friend to room with; consider seeking out a person whose lifestyle/habits align well with yours.
- When searching for potential roommates, you will only see other students with the same classification(s), gender and housing community.
 - You can see your community in your AU Housing Portal.

HOW WE HELP AND SUPPORT

- Watch the linked video below for a roommate matching demo video to show you the step-by-step process.
- Review the relevant webpages linked below.
- Connect with us if you have questions, you can connect via phone, email and chat!
