- 1982 "Inductive Axiomatic Modeling: A Method for the Analysis of Political Events." Paper presented at the Annual Meeting of the American Political Science Association, Denver.
- 1980 "Axiomatic Modeling: A Computer-Implemented Method for Integrating Quantitative and Qualitative Analysis." Paper presented at the Annual Meeting of the American Political Science Association, Washington, D. C.
- 1975 "EIDOS: A Complex Psycho-Structural Model." Paper presented at the Annual Meeting of the American Political Science Association, San Francisco.
- 1974 *Political Man: Toward a Conceptual Base*. Sage Professional Papers in Comparative Politics.

Work in Progress

- 2004 Ongoing: *Res Publica*, a computer model of the multiple levels of the political process: informal political interaction, group formation, the creation of unofficial institutions, and the development of government; an agent-centered, self-organizing model, in LISP.
- 2010 Full working version of model completed March-April 2011 with assistance of released time from a Faculty Research Grant.

Education

Ph.D. 1968: Georgetown University

Dissertation: "A Computer Simulation of Voting in the U.S. House of Representatives"

Employment

1967-1974 Assistant Professor, American University

1974-present Associate Professor, American University

University Activities

1975- 1986 Executive Committee AAUP

1976-1980, American University Grievance Committee
Chair, 1978-1979

1977-1980 Senate Committee on Faculty Research

1978-1980 American University Senate

1978-1979 Executive Committee University Senate
